doing, networking and exchange. We believe in multilingualism, human rights and mentoring as a set of practices for inclusion and attention to those who suffer socio-economic, geographic and psycho-physical disadvantage.

Since 2006 we have managed a great number of European educational programmes for participants of all ages with remarkable results. We are specialized in European Internships projects thanks to the experience in Lifelong Learning Programmes and in particular Leonardo Mobility, PLM, IVT and VETPRO, Erasmus Placement, etc etc..  
Giovani per l'Europa acts as sending, receiving and intermediate partner. In the last ten years we have participated and coordinated 300 European projects, hosting more than 2600 participants.

Moreover, we work in:

- Arranging intercultural educational workshops/meetings for high school students.
- Organizing intercultural training and activities for trainees, teachers etc., both at local and international levels.

With the purpose to give the youngsters the opportunity to make deeper knowledge of other cultures, learning the value of the voluntary service carried out in a foreign country, in 2010 Giovani per l'Europa has been accredited as sending and coordinating organization in the area of EVS, sure that this will be also a good chance to promote the European citizenship and facilitating tolerance among young people.

The association is based in Nicotera, in the region of Calabria (Southern Italy). This zone has been representing a crossroads between cultures and people for years.
